

CLEAN HANDS KIOSK

**DIGITAL SIGNAGE
HAND SANITIZER KIOSKS**

Introducing...

The CLEAN HANDS 22" Hand Sanitizer Kiosk

Keeping customers healthy and informed

A lot has changed over the last year, both within our business and the world as a whole. Every day brings new challenges, but with them exciting opportunities for us to help our customers and partners realize their goals and aspirations through the marriage technology and healthcare.

In today's world, customers are acutely aware of hygiene best practices wherever they are. Our fully integrated digital signage display and auto sanitizer dispenser enables you to provide a vital service for customers while reinforcing your brand commitment to good hygiene and customer well-being.

With wall-mounted and freestanding displays available, the CLEAN HANDS Hand Sanitizer Kiosks can be located wherever you and your customers require it.

Key Features

Two models to choose from, Standard and Deluxe, each available as a wall mounted or freestanding display. The **CLEAN HANDS Hand Sanitizer Kiosks** have been designed to meet you and your customers needs. Technical features such as a full HD 1080p display, easy USB plug and play content, and upgradeable options compliment the stylish design. And of course, the industrial strength hand sanitizer dispenser has been incorporated to ensure your customer's well-being.

PLAIN TALK: If you are okay updating content on your kiosk(s) by copying from a USB physically plugged into the kiosk then you should buy the **STANDARD** model. If you would rather update content on your kiosk(s) from your office or remote location, or update content on multiple kiosks all at once — you should buy the **DELUXE** model.

WARRANTY

Full/Empty Visual Notification

An industrial strength hand sanitizer dispenser has been incorporated into the display to ensure your staff and customers are reassured that cleanliness and hygiene are your organizations' top priority.

Therefore, keeping the display filled with the sanitizer is of utmost importance. To help you with this, we have incorporated **Automatic Light Signals** to easily identify when the sanitizer needs to be refilled.

GREEN
Medium/Full

RED
Refill Required/Empty

No-Touch Dispenser

To ensure surface contact is kept to a minimum, we have also incorporated a sensor that automatically dispenses the sanitizer when a hand is detected.

1) Border color shows BLUE when not in use.

2) Border Color changes to green when hand is detected.

3) Border Color Return to BLUE when hands are removed.

Easy Refill. HUGE Capacity.

When the sanitizer does need to be refilled, the process is quick and easy ensuring downtime is kept to a minimum.

Simply unlock and open the display, open the sanitizer cover and add your sanitizer of choice!

1) Open the display.

**5000ml (1.3 gal)
capacity**

**5000 USES
PER REFILL!**

2) Remove cover.

3) Refill sanitizer.

Pays for Itself in 10 Refills (50,000 Uses) in Sanitizer Savings Alone!

vs.

Will Need to be Completely Replaced Time After Time!

Think of it as a permanent fixture, not a temporary solution.

In a recent survey commissioned by Vital Vio:

- 4 in 5 Americans said they are now more aware of, and concerned about, cleaning protocols in public areas.
- 51% stated they won't patronize establishments that aren't transparent about their cleaning practices.
- 92% believed businesses should make hand sanitizer widely available for customers.
- 61% wanted to see more businesses equipped with automated cleaning technology.
